

# My blue heaven

---

**When whippoorwill call, and evening is night  
I'll hurry to my blue heaven  
You turn to the right, you find a little bright light  
That leads you to my blue heaven.**

**You find a cozy place, fireplace, cozy room  
A little nest that nests where the roses bloom.**

**Just Molly and me, and the baby makes three  
We're happy in my blue heaven.**
