

# Tain't no sin

---

When it gets too hot for comfort,  
and you can't get ice cream cones,  
Tain't no sin to take off your skin  
and dance around in your bones.

When the lazy syncopation  
of the music softly moans,  
Tain't no sin to take off your skin  
and dance around in your bones.

The polar bears aren't green up in Greenland,  
they've got the right idea.  
They think it's great to refrigerate  
while we all cremate down here.

Just be like those bamboo babies,  
in the South Sea tropic zones,  
Tain't no sin to take off your skin  
and dance around in your bones.

When you're calling up your sweetie  
in those hot house telephones,  
Tain't no sin to take off your skin  
and dance around in your bones.

When you're on a crowded dance floor,  
near those red hot saxophones,  
Tain't no sin to take off your skin  
and dance around in your bones.

Just take a look at the girls while they're dancing.  
Notice the way that they're dressed.  
They wear silken clothes without any hose  
and nobody knows the rest.

If a gal wears X-ray dresses,  
and shows everything she owns,  
Tain't no sin to take off your skin  
and dance around in your bones.
