

The song murdering song

Every Wednesday night we gather at the church
And we play some tunes (we play some tunes)
We play some tunes (we play some tunes),
yeah we play some tunes.

Every Wednesday night we gather at the church
And we play some tunes (we play some tunes)
We play some tunes, yeah, we really have a blow.

We murder them, you might say,
We play them in a most unusual way.
We screw the notes and the harmonies.
If we can't manage that, we just might freeze.
[Count silently: One two three four, one two three]

Every Wednesday night we gather at the church
And we play some tunes (we play some tunes)
We play some tunes, yeah, we really have a blow.

Every Wednesday night we gather at the church
And we play some tunes (we murder them)
We play some tunes (we murder them),
yeah we play some tunes.

Every Wednesday night we gather at the church
And we play some tunes (we murder them)
We play some tunes, yeah, we really have a go.

Oh we murder them, you might say,
We play them in a most unusual way.
We screw the notes and the harmonies.
If we can't manage that, we just might freeze.
[Count silently: One two three four, one two three]

Every Wednesday night we gather at the church
And we play some tunes (we murder them)
We play some tunes, yeah, we really lay them low.
